

**Driven by safety.**  
Designed for great  
winterperformance.

## **EURO ❄️ FROST VAN**

The EURO ❄️ FROST VAN is a standard winter tyre and thus rounds off the Gislaved product portfolio.

The EURO ❄️ FROST VAN has been specially developed for the winter requirements of west and central European markets in Europe, such as Germany, France and Benelux.

# Driven by safety. Designed for great winter performance.

## Highlights

**Shorter  
stopping  
distances  
on snow.**

The high number of sipes in an optimum alignment improves the grip of the tyre on snowy roads. This leads to shorter stopping distances on snow.

**Improved  
directional  
control and  
handling in dry  
conditions.**

Tiebars in the shoulderblocks and rounded edges in the outer tread grooves prevent the edges of the tread from rolling in. This improves the directional control and handling in dry conditions.

**Extended  
mileage.**

The high-mileage compound and non-studdable tread achieve optimum distribution of rigidity. This results in extended mileage.

## Dimensions

### EURO \* FROST VAN

Vans and small commercial vehicles

Size	LI	SI	EU tyre label				
			dB	SNOW	ICE	NOISE	
195/70 R 15	104/102	R	D	C	73	B	X
215/70 R 15	109/107	R	E	C	73	B	X
225/70 R 15	112/110	R	D	C	73	B	X
195/75 R 16	107/105	R	E	C	73	B	X
205/75 R 16	110/108	R	D	C	73	B	X
215/75 R 16	113/111	R	D	C	73	B	X
225/75 R 16	121/120	R	D	C	73	B	X
195/65 R 16	104/102 100/000	T T	E	C	73	B	X
205/65 R 16	107/105 103/000	T T	D	C	73	B	X
215/65 R 16	109/107 106/000	R T	D	C	73	B	X
225/65 R 16	112/110	R	D	C	73	B	X
235/65 R 16	115/113	R	D	C	73	B	X
195/60 R 16	099/097	T	D	C	73	B	X

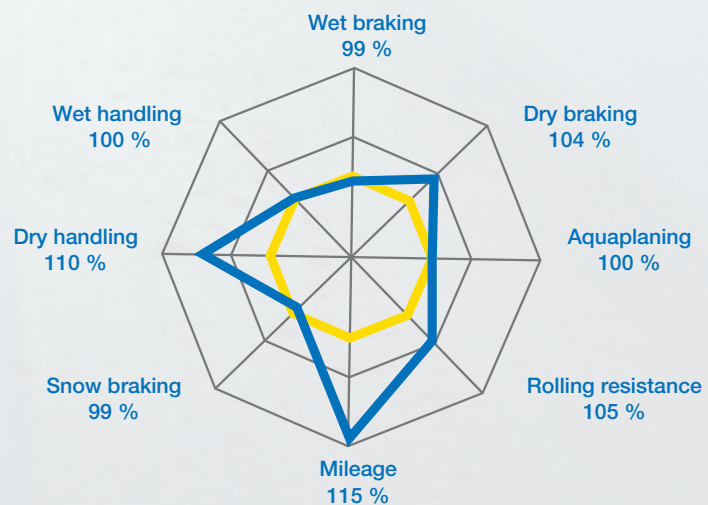

### Tyre dimensions:

Speed index: **R/T**  
Rim size in inches: **15 – 16**  
Tyre widths in mm: **195 – 235**  
Tyre cross section: **75 – 60**  
EU tyre label: **D-E / C / 73 B**

LI = Load index  
SI = Speed index  
R = up to 170 km/h  
T = up to 190 km/h

## Performance Diagram

— **NORD \* FROST VAN = 100 %**  
— **EURO \* FROST VAN**

### EU tyre label categories:

FF = Fuel Efficiency, WG = Wet Grip,  
dB = Value in decibels, N = Noise,  
SG = Snow Grip, IG = Ice Grip
